Week 1: July 17-21

Space - "The World Beyond Our Own"

Your spaceship has crash landed on the planet Mars with no connection with your team on Earth. Explore the vast and mysterious galaxies of space, work in teams to survive on Mars, listen to Holst's, The Planets suite music and much more to learn about the world beyond our own.

Week 2: July 24-28

Physics of Light - "Time to Tackle Skin Cancer!"

Have you ever wondered how the sun makes an impact on your skin? UV rays affect us in ways where the naked eye cannot see! Come learn more about how we can protect and prevent our skin from harmful UV rays through light projects, taking up The Newton's Challenge and exploring LED lights and circuits.

Week 3: July 31-Aug 4

STEAM (Science, Technology, Engineering, Arts, & Math) - Creating a Scientific Masterpiece

The Arts and The Sciences come together during this week's STEAM discovery as we explore and experiment Music, Fine Art, and Drama activities together. We will be creating our own instruments, learning about famous artists and develop public speaking skills!

Week 4: Aug 8-11

Biomimicry - "Innovative Solutions Inspired by Nature"

We are all a part of nature as we live on this beautiful planet. What about the similarities between Velcro and burrs? This week, we will be learning from nature how to make things in our world better!

Week 5: Aug 14-18

Forensic Science - "Can You Uncover the Mystery?"

HELP! Something mysterious is happening this week at Cornerstone Summer Camp! Transformed into a detective, your job to help solve the mysteries! You will brush up fingerprints, solve riddles, and see if you can rival against the mastermind behind the crimes. Are you up for the challenge?

Week 6: Aug 21-25

STEAM (Science, Technology, Engineering, Arts, & Math) - Experimenting Artistic Projects

The Arts and The Sciences come together for a second part of STEAM discovery as we explore skill sets in the Fine Arts and Music. We will be discovering sound waves and creating electronic music! Learn more about STEAM to its fullest potential!
